tate is itself worth the money which the volume costs. The volume under review contains another excellence illits pages are supplied with valuable marginal indices, Another matter of great importance to the lawyer in isiation since 1851. Heretofore, the lawyer in examining our legislation on any given subject had first to find what was relevant to it in the Revision of 1852, and then to turn over the pages of the volumes of subsequent Statutes, to see how far recent legislation may have repealed or modfied the provisions contained in that Revision, and even then he would often feel doubt whether he had found all the legislation on the subject of his inquiry. Messrs. Gavin and Hord have relleved us of all this trouble and doubt. They have collected together in consecutive pages all the statutes made since 1851, on the same subject. Thus, on pages 373 to 377 of their first volume they have collected all our legislation, now in force, on the subject o husband and wife, including the act of 1852 and three act of 1857. And they have followed the same mode a coocation, in appropriate consecutive pages, in regard to all

Messrs. Gavin & Hord seem to have performed this part of their work exceedingly well. It must have cost them much care and labor. By it they have greatly lessened the labor of the practising lawyer, and have well merited his grateful approval. In every respect the volume under review is highly reditable to the dilligence, accuracy, talents and the taste o Its editors, as well as to the mechanical skill and neatness of its publishers, and it must raise the just expectation of the profession, as to the value of the second volume, which we understand will be forthcoming in a few months, and which will contain the code of pleading and practice of Liver Complaint, Dropsy, Tetter, Tumors and 1853, with subsequent amendments and other statutes. Prof O. J. Wood: Dear Sir-Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test. During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the road side, from which my head received a most terrible blow, causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effect of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its

prescription advanced. These and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to belive produced a very happy result; two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself to say, is not

Office of the Jeffersonian, Phillippi, Va., Dec. 12, '58. Dear Sir:—I feel it my duty as well as my pleasure, to state to you the following circumstances, which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald ever since his early youth, so much so that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Braiford, and he is very well known in our ad-

Prov. O. J. Woon-Dear Sir: I take pleasure in receptimending your Hair Restorative as a most excellent cure for scald head. My son was suffering very much from this disease, and after using one bottle, was made perfectly well. I recommended it to others who had diseases of the head, and in all cases it had the desired effect. You can recommend it without fear as a most certain cure for scald ad. Many others will certify that this and many other to the spot." You will find them very useful and p as-

> The New York Day Book says: "The majority of Hair Washes, Hair Dyes, Hair Tonics. Hair Oils, and the numberless preparations which are now before the public under such extravagant, hyperbolical cards and newspaper headings, as hair preparations, are all humbugs of the first water; their real merit, when they possess any, is, that they do no harm. HOG'S LARD, WHALE OIL, LARD OIL, SWEET OIL, scented and colored, make up, when in beautiful wrappers and white flint glass bottles, the costliest character of tonics; and when thus costly are baptized with some trisyllable term, and caught at by verdant young and old of both sexes. Such is not the character of Prof. Wood's Hair Restorative. This gentlemen comes before the world with-out any "highfalutin" Xilophioforium, or my other astounding or startling catchpenny terms; he simply advertises a Hair Restorative—what it expresses, precisely—and as a Restorative it acts. Buy Prof. Wood's Hair Restorative; and, as you value your scalp, aye, your very brains, apply nothing else; for it may be that you will get some worse substance than perfumed lard oil or

Prof. O. J. Wood, Dear Sir-In the latter part of the year 1852, while attending to the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was entirely bereft of its covering, and

change in my appearance, as my more intimate acquaintances to recognize me at all.
I at once made application to the most skillful physicians in the country, but receiving no assurances from them that my hair could again be restored, I was forced to become reconciled to my fate, until fortunately in the latter part of the year 1857, your restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars' worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.
